

It's the floor

Robina
laminate

San Marco Acacia

Robina Laminate has not one, not two, but **3** series of laminate floors. Each collection— **Everyday, Heavyweight & Designer**— features distinct colors, features and finishes. Find the series that fits your style and you'll find the floor you've been looking for.

Clean lines and a whole lot of shine—now that's my style!

It's the floor you've been looking for.

Country Oak

It's the floor with the best options.

I need a floor that fits my life, my style and my budget. Is that too much to ask?

Everyday series

▶ see pages 4-5

We want a floor that's a real crowd pleaser, in other words, one that can stand up to lots of foot traffic.

Heavyweight series

▶ see pages 6-7

We want a floor that has that extra something special for our living room makeover.

Designer series

▶ see pages 8-9

Floor accessories

Cottage Hickory ■

decors marked with an orange square are only available at select retail locations.

Go ahead, let the kids color on the floor, don't worry about the muddy boots, or whatever else your family dishes out on a daily basis—our Everyday series can take it. With just a little help from you, these floors quickly bounce back to their original beauty—everyday. All at a price that won't stress you out either.

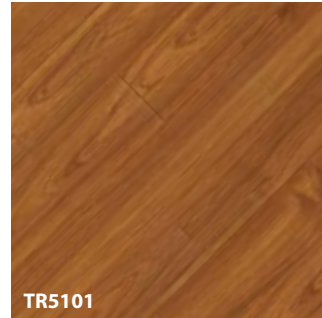

Heavyweight series

AC4 | 12mm
 Extra-thick (12mm) and extra strong, this floor will endure the toughest high-traffic homes or offices. Available in an array of colors with our most popular textured finish.

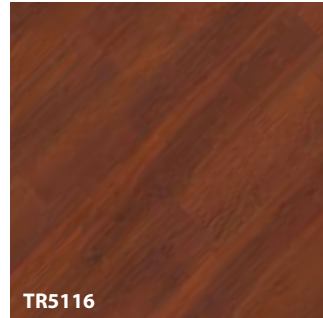

This floor is perfect for busy homes and even light commercial use. The Heavyweight series stands the test of time and traffic with an extra thick board and high, AC4 traffic rating. Choose from 8 popular colors featuring a hint of surface texture.

It was hard for us to choose, too, which is why we offer two distinct designer finishes. High-gloss features an **ultra smooth, super glossy** surface that mirrors the look of prefinished wood. If you are drawn to time-worn detailing, our **handscraped and embossed** decors offer noticeable wood grains and masterfully sculpted surfaces. Whichever you decide, you simply can't go wrong with a floor from the Designer series.

San Marco Acacia

high gloss

Two great finishes,
just one room,
hmmm, which one
to choose?

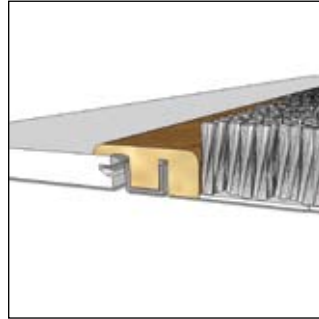

It's the floor with the perfect accessories.

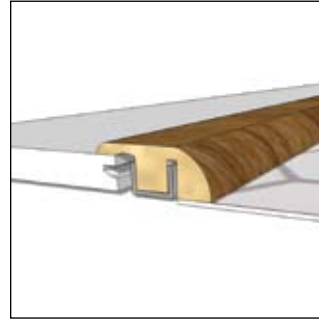

T-Molding

Transitions from laminate to laminate or another floor of equal height.

Square Nose

Transitions from laminate to a vertical surface such as carpet, sliding glass doors, etc.

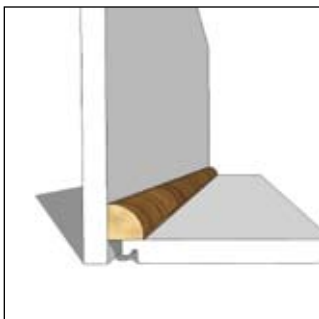

Reducer

Transitions from laminate to a floor of lesser height such as vinyl.

Stair Nose

Transitions at any stair edge or other step down location.

Quarter Round

Transitions from the floor to the wall or wall base.

Everything you need to finish your installation is right here. The T-molding, Square Nose and Reducer transitions—the most commonly used pieces—come with a track system for quick and easy installation. If you have any questions about which transition pieces are right for you, your authorized Robina Laminate retailer will be happy to assist you.

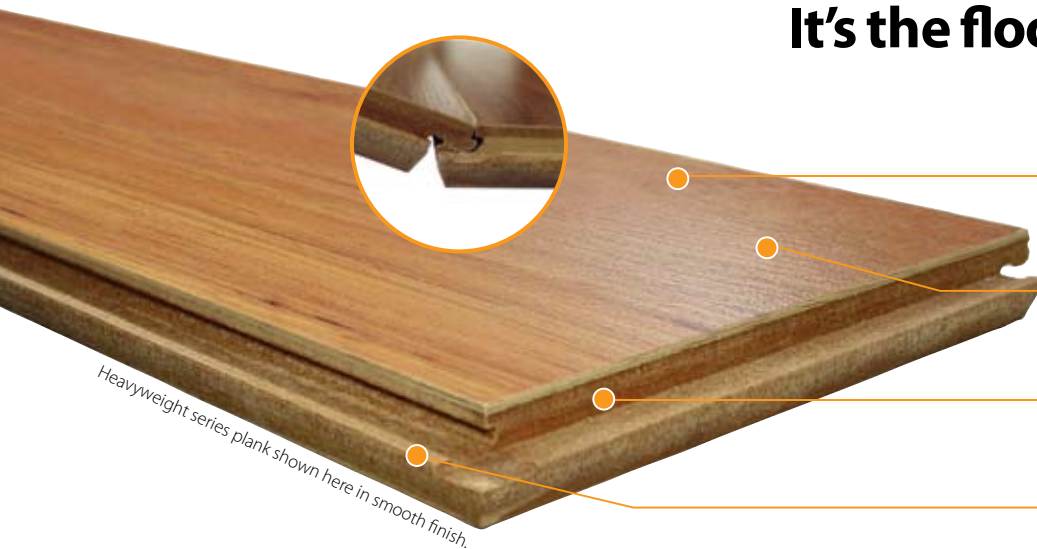

Robina Laminate uses only low-emissions adhesives in the manufacturing of our floors.

Boston Cherry

It's the floor with all the right features.

- ✓ **Aluminum oxide treatment**
protects against scratching
- ✓ **True-to-wood appearance**
new technologies truly capture the wood look
- ✓ **Hardwood fiber core**
gives greater stability than softwood cores
- ✓ **VR Loc® easy installation**
Innovative, interlocking planks reduce install time

Heavyweight series plank shown here in smooth finish.

Professional installers love the ease of assembly and reliability of our laminates and so will you! Our patented **VR Loc®** system is designed to offer everyone a fast, glueless installation with a precision fit and lasting hold.

For the most current information on all Robina Laminate products, warranties, specifications and installation please visit us online at robinafloors.com.
